A PRACTICAL AND COMPLETE CASE RECORD BOOK

The Practitioner's Case Book

For Recording and Preserving Clinical Histories

Prepared and Arranged by the Editorial Staff of the INTERSTATE MEDICAL JOURNAL

286 pp. Full Cloth Binding

Size: 9 1/2 x 12 in.

PRINTED ON BOND WRITING PAPER

80 Detachable Anatomical Charts in Colors for Making Pictorial Records of Fractures, Dislocations, Areas of Dullness and Other Pathological Findings.

The History Sheets are most comprehensive and arranged so as to reduce the labor of case-recording to the minimum.

The Anatomical Charts were specially drawn for the book by an artist-anatomist of note; they enable the practitioner to quickly record special lesions.

Price, express prepaid, \$2.00

If desired, this book will be sent on approval, charges prepaid, to any member of the Medical Society of the State of California.

REVIEWS

The editors may well feel that they have done a definite constructive work for the profession.—The Medical Times.

The present volume is perhaps the best arranged and most condensed book of this kind which has been published. This book can be cordially recommended to busy general practitioners.—Therapeutic Gazette.

... a practical book, one which shows the study and thought spent on it; one that will be a great help and value to the observing practitioner as well as to the writer on medical subjects.—New York Medical Journal.

This book is well arranged for purposes of case records. The history sheets are complete enough to cover all cases encountered in general practice. There is an excellent series of detachable anatomical diagrams printed in light colors so that pictorial records of fractures, dislocations, cavities, areas of dullness, etc., may be made by pencil or pen.—J'l Missouri State Medical Assoc.

LIVERMORE SANITARIUM

FOR GENERAL DISEASES is beautifully situated near the town of Livermore, 30 miles from San Francisco, and is surrounded by handsome grounds. It is isolated, the rooms are large and well furnished and the Sanitarium is specially adapted for the treatment of Neurasthenia, Nervous Dyspepsia, the Alcohol Habit and Morphomania. One building is especially adapted for Massage, Electricity, Hydrotherapy and Sun Bath. Terms, \$50.00 to \$75.00 per week.

THE DEPARTMENT FOR THE TREATMENT OF MENTAL DISEASES is entirely separated from the Sanitarium and is located in grounds absolutely private. The central building is surrounded by small cottages for the better segregation of patients. The best-trained nurses are employed and all modern appliances for the proper care of the insane have been provided. Absolutely no restraint nor enclosures for patients. Terms, \$25.00 to \$50.00 per week, depending upon the number of nurses required.
